

Beautification Committee Meeting
February 18, 2015

Present: T. Tucker, S. Parmiter, K. Lazar, J Fiore, D. Huprich, W. Warren, Jane Shaw, F. Forbes

Update status of fountain project: Several fountain businesses were contacted. Many of them did not return calls.

Price is \$12,000 - installation around \$6,000, so somewhere in the vicinity of \$20,000 total. Fred indicated this would be presented to the board and finance committee. A Finance Committee was scheduled that day (2/18) at 4:00 pm.

Fred stated that the finance committee is being directed to do some studies (take surveys of residents) regarding street lights, mailboxes, pavement, pavers. Fred indicated that we have probably a million \$ of things we need to do. The above mentioned projects will take a priority over esthetic improvements.

Benches:

Sondra showed pictures of recycled plastic benches as the best. They measure 4ft for \$310 or 6 Ft. for \$470. These would be placed around lake at rear entrance.

Don would like to look at all concrete benches for comparison. Sondra will report at next meeting.

Floral improvements for Club (Pub/Dining Room) Lanai:

Wendy reported that meetings took place with The Potted Plant regarding plantings in for the lanai. Plans and pictures of containers were shown. Priority, at this time, is entrance into dining room (by pro shop), in front of men's/ladies rooms adjacent to cart barn, and area where water vending is. Discussion ensued and Don suggested we wait until fall for the lanai plantings, but he would like to see the entrance taken care of ASAP.
