

Beautification Meeting March 15, 2017

Present: Don Huprich, Wendy Warren, Elaine Perrotta, Tish Tucker, Jane Shaw, Gail Gray - Unavailable: Diane Simon, Lorrie Holly, Karen Lazar, Carol Priore

We welcome Carol Priore to the committee.

The **mail boxes** target date is April 1. The Board of Directors will meet on March 22, and will make a decision as to what will be acceptable regarding any plantings of sod, or small flowers around base of mail box.

Each member of the committee will individually take **a tour** of neighborhoods, compile a list of areas that need attention to beautification. *Please send your list to Elaine **before** the next committee meeting.*

Don reported there will be **work on the infrastructure** to comply with ordinances. The walkways by pro shop and admin. bldg. will be torn out for accessibility. All will be graded out so there will no longer be steps up/down. Also, the median in front of club house will be removed for safety reasons. The committee will help with plantings when the work is finished.

Christmas 2017: Christmas lighting party will be **Friday, November, 25.**

A discussion ensued regarding the possibility of having Christmas/Holiday cards made using several photographs taken the night of the tree lighting. Cards would be available for purchase by our members. Tish Tucker and Karen Lazar will work on that.

The topic of beautifying the **back gate** was presented. Plantings around the tree outside the gate blocked the visual view of Hunters Ridge signage. Also the arbacola by the signage needed to be taken out. Don said it would be taken care of the next day, and at this writing, it has been taken care of with new plantings.

Meetings will continue on the third Wed. of the month at 3:00.

The next meeting will be April 19.
