

## **Beautification Meeting - October 23, 2017**

Present: Don Huprich, Wendy Warren, Elaine Perrotta, Tish Tucker, HR Board Rep. Lorri Holly. Unable - Diane Simon, Karen Lazar, Carol Priore, Gail Gray, Jane Shaw.

The first discussion was in regard to flag pole placement. The architect and general contractor who were selected for the parking lot renovation project, recommended placement of the flags on the median between the activity center and clubhouse on Hunters Ridge Drive, where the cabbage palm trees were removed this summer. Five flags of varying heights - U.S., State of FL., Hunters Ridge, USGA, PGA - can be placed inside the median with up lighting. Those present agreed and an email was sent to committee members who were not present. We are in agreement that this should be brought to the board for approval.

Plantings for cart barn, patio and club entrance will be underway soon.

We pursued the idea of taking two of the pictures from the photographer taken the night of the first tree lighting and have Christmas/Holiday Cards printed. After consultation with the printer we learned the prints are too dark. It was suggested we table this and have the photographer take pictures this year with more light.

A suggestion from Jane Shaw to have plantings in front of the wall at the cart barn side door. It was agreed this was a good suggestion.

Christmas decorating will commence on Nov. 10, 11, and if necessary 13. Suggestion was to wrap all palms at pool. Newly planted (soon) Foxtail Palms along both sides of HR Drive, across from the median that has been recommended for flags, will be wrapped with light as well as the newly trimmed oak trees.

Christmas tree lighting party will be November 24. Basically, the same as last year. Lorri Holly volunteered to spearhead this. If you would like to assist, please contact Lorri.
