

## **External Affairs Committee Update November 30, 2012**

Fred Forbes gave an update on the homeless shelter situation on Old 41 North and proposed DRGR developments. There is no proposal at this time for a homeless shelter, halfway house, group home, etc for the property just north of Hunters Ridge. If this situation changes in any way, everyone will be notified as soon as possible. He also discussed a possible new housing development near the rock quarry on Bonita Grande Drive north of Bonita Beach Road. He also mentioned that following the annual meeting on January 17<sup>th</sup>, there will be a ground-breaking party for our long awaited sound wall.

Fred Forbes, Chairperson – External Affairs Committee
